DOCKET NO. 2001-316-C - ORDER NO. 2005-244
MAY 17, 2005

IN RE: Application of Trans National Communications) ORDER
International, Inc. for a Certificate of Public) APPROVING
Convenience and Necessity to Provide) AMENDMENT
Facilities-Based Local Exchange Service within)
the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Application of Trans National Communications International Inc. (Trans National or the Company) to amend its Certificate of Public Convenience and Necessity to reflect the provision of facilities-based local exchange telecommunications services.

We would note that in Order No. 2001-1044, issued on November 7, 2001, we granted Trans National a Certificate of Public Convenience and Necessity to provide resold local and interexchange telecommunications services. The Company merely seeks to amend this Certificate to reflect the provision of facilities-based local exchange telecommunications services. In addition, the Company has filed a proposed new local exchange services tariff.

We approve the amendment to the previously granted Certificate as filed, as well as the submitted new tariff. We believe that the amendment is reasonable, and that the Company has shown good cause for the amendment. The Company shall submit copies

of the new tariff to the Commission. The Company shall otherwise continue to be bound by all other terms and conditions of service as set out in Order No. 2001-1044.

This Order shall remain in full force and effect until further Order of the Commission.
